## ◆ Company ◆

Company Name	TOA DENSETSU KOGYO CO., LTD.	
Founded	March, 1994	
Established	March, 1994	
Number of issuable shares	800 stocks	
Total number of issued shares	200 stocks	
Capital	21 million yen	
Construction certifications	Minister of Land, Infrastructure, Transport and Tourism ; (SC-26)No.25500 Electrical works	
	Minister of Land, Infrastructure, Transport and Tourism ; (GC-26)No.25500 Telecommunication, General Civil Engineering, Scaffolding, Earthwork	
Officer	Representative director	Masami Kanzaki
	Director	Takashi Morioka
	Director	Tsubasa Nakamura
	Director	Masahiko Nema
	Director	Michiko Takeishi
	Auditor	Chikako Tatekawa

## ◆ Company history ◆

March, 1994	Establishment of TOA DENSETSU KOGYO CO., LTD. in Ichihara-shi, Chiba Prefecture started the electrical work industry.
December, 2000	Get permission of general civil engineering.
April, 2001	Futtsu branch established in Futtsu-shi, Chiba Prefecture.
December, 2004	Move head office to Futtsu-shi.
August, 2005	Get permission of telecommunications construction industry.
September, 2005	Opened Kisarazu branch in 3-1-15 kiyomidaihigashi, Kisarazu-shi, Chiba Prefecture.
May, 2006	Get permission of scaffolding, earthwork construction business.
February, 2009	Get permission of specific worker dispatch business.
August, 2011	Opened Kimitsu branch in 2-9-9 Higashisakata, Kimitsu-shi, Chiba Prefecture.
November, 2012	Move kimitsu branch to 1-9-9, Miyanoshita Kimitsu-shi.
June, 2014	Move head office to a new company building of 2-19-1, Ohori, Futtsu-
June, 2014	Tokyo branch opened on the NSTS Bldg. 4F, 4-1-13, Motoasakusa, Taito-ku, Tokyo.
September, 2014	Get permission of specific Minister of Land, Infrastructure, Transport and Tourism permission of the authorized electrical works.
July, 2017	Established overseas branch office in Vietnam. TOA DENSETSU VIETNAM CO., LTD.
September, 2017	Get permission of worker dispatch business.
April, 2018	Move tokyo branch to #304, 4-42-3, Kamata, Ota-ku.

## ◆ Sales office location ◆

Head Office 2-19-1 Ohori, Futtsu city, Chiba, 293-0001, JAPAN  
TEL: +81-439-88-1381  
FAX: +81-439-88-1382

Tokyo Branch #304, 4-42-3 Kamata, Ota-ku, Tokyo, 144-0052, JAPAN  
TEL: +81-3-6715-9414  
FAX: +81-3-6715-9415

Kisarazu Branch 3-1-15 Kiyomidaihigashi, Kisarazu-shi, Chiba, 292-0041, JAPAN  
TEL: +81-438-97-8731  
FAX: +81-438-97-8732

Kimitsu Branch 1-9-9 Miyanoshita, Kimitsu-shi, Chiba, 299-1117, JAPAN  
TEL: +81-439-32-1331  
FAX: +81-439-32-1332

Vietnamese branch office TOA DENSETSU VIETNAM CO. , LTD.  
No. 51 Nguyen Ngoc Phuong, Ward 19,  
Binh Thanh District, Ho Chi Minh City, Vietnam  
TEL: +84-28-6255-6747  
FAX: +84-28-6255-6748

## ◆ Main bank ◆

Chiba Bank Kisarazu Branch

Keiyo Bank Kisarazu Branch

Chiba Shinkin Bank Futtsu Branch

MUFG Bank Kisarazu Branch

## ◆ Main business item ◆

Engineering and construction of electric light, electricity, internal and external line construction

Engineering and construction of private substation construction

Lighting installation and sales of lighting equipment

Sales of high-power equipment and instrumentation equipment

Sales and design and construction of weak electric appliances

Construction of telecommunication pipeline / track / CATV construction

Sales and installation work of products related to solar power generation

Power generation business using renewable energy resources such as solar power

Operation and management maintenance work of power generation such as solar power

## ◆ Main construction history ◆

Construction subject	Completion date
Tokyo Gaikan Expressway Keiyo JCT ~ Koya JCT lighting installation construction	July, 2018
Tokyo Gaikan Expressway Misato JCT ~ Koya JCT tunnel radio rebroadcast installation construction	July, 2018
Tokyo Gaikan Expressway variable type information board electrical installation construction	July, 2018
Tokyo Gaikan Expressway Ichikawaminami ~ Keiyo JCT lighting installation construction	June, 2018
FY 2017 Tokyo Bay Aqua Line facility maintenance repair construction (electric)	May, 2018
Tokyo Bay Aqua Line facility Navigation aid facility renewal construction	January, 2018
Power supply construction for Futtsu fishing port charging	March, 2018
New construction work of Shikoma pressure intensifying pumping station	March, 2018
Tateyama Expressway Amaha construction work, trouble move, etc. construction	August, 2017
Tateyama Expressway Mute construction	March, 2017
Narawa Lighting installation construction	June, 2017
Chiba University (medical disease) west building renovation other electrical installation construction	June, 2017
Minami Honmoku Futo entrance other lighting other electrical installation construction	June, 2017
Tateyama Expressway Aqua pavement repair construction (loop coil laying work)	May, 2017
FY 2016 Tokyo Bay Aqua Line facility maintenance repair construction (electric)	May, 2017
Receiving and distribution installation repair construction 26-1-1	April, 2017
Tateyama Expressway Oyamano construction	March, 2017
Yokohama Circular North Line Highway communication facilities construction	March, 2017
New construction of Chiba Minato Hospital	February, 2017
Goi (part 1) electric wire common trench construction	January, 2017
Tokyo University of Marine Science and Technology (Shinagawa) indoor athletic grounds construct non-structure earthquake proofing repair electric construction	September, 2016
Construction work of the Manako solar power station	August, 2016
FY 2015 Tokyo Bay Aqua Line facility maintenance repair construction (electric)	May, 2016
FY 2015 Chiba national road information facility installation construction	April, 2016
Togane power plant construction work	March, 2016
Kanto branch office · Communication DC power supply installation renewal construction	March, 2016
Gotemba HSC jurisdiction electric installation safety measures construction	March, 2016
General Hospital Tsuchiura Cooperation Hospital Communication facilities construction	March, 2016
Fujinomiya Yamamoto solar power station construction	February, 2016
Chiba City LED road lighting equipment lease (27-2)	February, 2016
Toyohashi solar generation new construction / expansion construction	January, 2016
Chiba University (medicine disease) south ridge repair and others electric installation construction	January, 2016

# ◆ Main construction history ◆

Construction subject	Completion date
Futtsu Solar FY2014 Annual inspection	January, 2016
The first Fuji solar power plant setting construction	September, 2015
Dear K Solar power plant installation construction	August, 2015
Shin Shonan Bypass communication line route construction	June, 2015
FY 2014 Tokyo Bay Aqua Line facility maintenance repair construction (electric)	May, 2015
Yokohama Kankyō Design Co., Ltd. Chonan Town solar power generation system construction	April, 2015
Dear M Tomisato City solar power plant installation construction	April, 2015
The second Suzuki Yasutaro store solar power system construction	April, 2015
Imai Flour Milling Co., Ltd. Abiko City Nakabyō solar power project	April, 2015
Chiba National Highway jurisdiction course intelligence device installation construction	March, 2015
FY 2014 Chiba National Highway information display facilities construction	March, 2015
Chiba University (medical disease) outpatient clinic building new business other electrical installation construction	March, 2015
NTT data Kasai techno building corporation Special high power receiving and transforming installation renewal construction	March, 2015
Central Ring Shinagawa Line tunnel lighting other electrical installation construction	March, 2015
HIFUMI KAIHATU JYUKI CO.,LTD. Solar power generation installation construction	November, 2014
Facilities maintenance construction duties	November, 2014
Kamogawa Mirai Solar Co., Ltd. Solar power station security installation construction	October, 2014
Tokyo Bay Aqua Line facility update construction	August, 2014
Liksil Ishige Factory disaster countermeasure electrical construction	July, 2014
FY 2013 Tokyo Bay Aqua Line facility maintenance repair construction (electric)	May, 2014
Improvement work such as installation for boost pressure pumping station	March, 2014
Chiba Futtsu 1st, 2nd solar power station electrical construction	February, 2014
Annular Line 2 underground tunnel lighting and other facility construction	February, 2014
Higashi Kanto Expressway Yatsu Funabashi IC lighting installation construction	November, 2013
Facilities maintenance construction duties	November, 2013
Takeoka Elementary School electrical installation (cubicle) renovation construction	October, 2013
FY2012 Chiba National Highway road information display installation construction	October, 2013
CCTV facility construction between Tomei Expressway Yokohama Machida IC and Oi Matsuda IC	October, 2013
Higashi Kanto Expressway Yatsu Funabashi IC optical cable trouble move construction	September, 2013
Chiba Rosai Hospital new building electrical installation construction	August, 2013
FY2012 Tokyo Bay Aqua Line facility maintenance repair construction (electric)	May, 2013
Higashi Kanto Expressway ETC facility renewal construction	March, 2013

# ◆ Main construction history ◆

Construction subject	Completion date
Water Resource Boso CCTV facility construction	March, 2013
Tokyo Metropolitan Expressway Konishi tunnel lighting installation construction	March, 2013
FY2012 Challenge 25 regional development project outsourcing business	November, 2012
Kisarazu nomadic plan new construction work	November, 2012
FY 2011 Tokyo Bay Aqua Line facility maintenance repair construction (electric)	May, 2012
Ichigaya(22) Repair electric and others construction such as government building A ridges	March, 2012
Zama (FY 2010) Exercise facility new construction civil engineering other construction	March, 2012
Chiba Prefecture Kimitsu High School gymnasium large scale remodeled electrical installation construction	January, 2012
International carbonate corporation Dry ice factory expansion construction (electric facility construction)	December, 2011
Chiba University (Inohana) education training building refurbishment electrical installation construction	October, 2011
Chiba University (medicine disease) central medical treatment B ridge operating room repair electric construction	August, 2011
Tokyo Metropolitan Central Contact Expressway Shobu Shiraha IC - Kuki Shiraoka JCT lighting installation construction	July, 2011
Tohoku East Japan great earthquake response temporary housing electrical installation construction	June, 2011
KDDI au Kururi High voltage receiving CUB update work	March, 2011
Chiba University (medicine disease) basic maintenance(renovation of enesen electrical room and others) construction	March, 2011
Inzai area network construction	March, 2011
Prefectural housing security light / interphone installation construction (FY 2010)	March, 2011
FY 2010 Tokyo Bay Aqua Line facility maintenance repair construction (electric)	March, 2011
Chiba University (medicine disease) ward, mother and child center ridge repair (II period) electric installation construction	February, 2011
Dead insulation work in highway tunnel	January, 2011
Tateyama (20) Fuel facility maintenance civil engineering and other construction	January, 2011
Keiyo road congestion notice light installation construction	December, 2010
Kawasaki tunnel communication installation	November, 2010
Kawasaki traversal tunnel lighting	November, 2010
FY 2010 Umihotaru PA business electricity installation power outage countermeasure work	October, 2010
City lighting installation construction	September, 2010
Chiba Prefectural Sodegaura High School Management special classroom building classroom renovation facility construction	September, 2010
Umihotaru PA electrical equipment construction for tenant stands	June, 2010
Central Annular Line Shinagawa Line Oi City tunnel construction (wiring construction in wall highlights)	June, 2010
Tokyo Metropolitan Center Expressway Kawashima~Okegawa Railway construction	March, 2010
Chiba University (medicine disease) basic maintenance (ward B2F electricity room other repair) construction	March, 2010
Yamate TN mobile communication construction	March, 2010

# ◆ Main construction history ◆

Construction subject	Completion date
Mita Line others rays road new construction	February, 2010
Umihotaru PA electricity meter update construction	January, 2010
Wangan Funabashi IC optical relocation construction	December, 2009
Chiba Prefectural Legal Affairs Bureau LAN construction	December, 2009
Shinonome parking lot electric facilities other construction	November, 2009
Yotsukaido condominium plan	September, 2009
Chiba University (medicine disease) ward, mother and child center ridge repair (I period) electric installation construction	July, 2009
Joban Expressway Misato JCT - Yawara between IC information board construction	June, 2009
Keiyo road congestion notice light installation construction	March, 2009
Hokuriku Expressway Nagaoka district communication facility disaster restoration construction	March, 2009
Kimitsu City B3L type control panel exchange construction	February, 2009
Tokyo Metropolitan Expressway ETC facilities construction 1-6	January, 2009
Hokuriku Expressway Yoneyama tunnel disaster restoration construction	November, 2008
Tokyo Metropolitan expressway Ariake JC.HM 12 ~ 14 district electrical installation	September, 2008
Electric instrumentation facilities construction with the NPF Japan Chiba factory new establishment	May, 2008
Tokyo Metropolitan Center Expressway communication duct line construction to affect Tsurugashima paving construction	May, 2008
Daimei Chiba Railway construction administration center new construction (telecommunication facilities construction)	April, 2008
Inage Sonnou Town apartment new construction (electric construction)	April, 2008
Joban Expressway Misato TN variable type information board electrical installation construction	March, 2008
Tokyo Metropolitan Expressway SJ 34 industrial park (1-2-2) ~ SJ 63 suicide road electric communication facilities construction (coaxial leakage)	December, 2007
Shinjuku TN mobile communication facilities	November, 2007
Tateyama Expressway Kimitsu PA lighting installation construction	October, 2007
Tateyama Expressway Kimitsu IC - Futtsu central IC road information board facilities construction	September, 2007
Tateyama Expressway Kimitsu pavement construction (communication pipeline)	August, 2007
Ariake~Tatsumi between optical cable trouble relocation construction	July, 2007
New construction of JV Chiba Minato project	July, 2007
International carbonate corporation Dry ice press new construction	May, 2007
The Taiyo Nippon Sanso Corp. Hydrogen gas refinement, compression facilities engineering works building construction (spot management)	May, 2007
Semi-free pattern type central variable sign etc. installation construction (Chuo-ku)	March, 2007
Kimitsu Cultural Hall electric facility construction accompanying renewal of air-conditioning installation	March, 2007
Tokyo Metropolitan Center Expressway Kisarazu pavement construction telecommunication pipeline	March, 2007
Tokyo Bay transverse road fiber optic cable part replacement construction	March, 2007
